

Offshore Special Regulations

3.21.1 Drinking Water Tanks

A submission from the Offshore Special Regulations Refinement Working Party.

Purpose or Objective

OSR 3.21.1 c) requires that there be drinking water for the duration of the passage for MoMu2,3. The purpose of this submission is to make this a requirement for MoMu1.

Proposal

3.21.1 Drinking Water Tanks

MoMu0

a) permanently installed delivery pump and water tanks dividing the water supply into at least three compartments.

MoMu1

b) permanently installed delivery pump and water tanks dividing the water supply into at least two compartments, capable of providing drinking water for the likely duration of the passage.

MoMu2,3

c) permanently installed delivery pump and water tank(s)), or reusable container(s) capable of providing ~~sufficient amount of~~ drinking water ~~per person per day~~ for the likely duration of the ~~voyage~~passage.

Current Position

Shown above.

Reasons

1. The reason for this submission is to make the OSRs consistent for all offshore categories.
2. The quantity for MoMu0 is covered in OSR 3.21.2, so 3.21.1 a) does not need to be modified.
