[“Para Inclusive Strategy”](#)

<u>Mission/Remit</u>	<p>Mission Statement/Remit:</p> <p>The Oceanic and Offshore Committee is to advise and report to Council on oceanic and offshore racing, international rating systems, the World Sailing Offshore Special Regulations, and the calendar of oceanic and offshore events</p>
<u>Alignment to WS Strategies</u>	
Ready for the Future - Governance	The advocacy objective aligned with WS Governance Strategy to “Promote Awareness and Best Practice” by raising awareness on major topics concerning offshore racing. By covering topics such as the rise of inadvertent cheating due to changes in technology, it also works to safeguard the integrity of the sport.
Ready for the Future – Events and Commercial	The focus on the Major Oceanic Event Organisers supports the objective to “Devise a plan to determine how best to support Special Events and Major Offshore and Oceanic Events.” It will help identify how to support such events and feed the information back to Council to consider.
Ready for the Future – Growth	The combined work and co-ordination of many of the working parties will support the objective of “Explore development opportunities around the world in collaboration with the offshore and oceanic sailing community”. It will do so by building closer links with the offshore community and provide a platform to collaborate more going forward.
Steering the course	By promoting the mixed Offshore Double Handed World Championships World Sailing is advocating for gender equity in offshore racing.

5. Objectives for the Year

List 3–5 specific, measurable, achievable, relevant, and time-bound (SMART) objectives for the year.

Objective 1	Advocacy – Produce articles and content to share best practice with the community on topics concerning the offshore community including safety, technology and sustainability.
Objective 2	Technology – Review the current methods of managing technology across the community and identify commonalities and propose potential options for regulation.
Objective 3	Major Event organisers/classes – have a meeting with professional as well as pro/am racing. Use the meeting to gather information on current challenges and feedback to OOC and WS Council. Online – pro/am including major clubs In person – focus on professional/High performance
Objective 4	Doublehanded – Take a leadership role in the double-handed community including co-ordination of events (World/Continental Championships), design potential event for Olympic consideration, continued development of the Offshore Double Handed World Championships.
